High pressure compressors for pure breathing air and technical gases

Condizioni generali di vendita

1. Le forniture di apparecchi e merci di ns produzione sono soggette alle sottoscritte "CONDIZIONI GENERALI DI VENDITA, CHE SONO ESSENZIALI E CHE IL COMMITTENTE OD ACQUIRENTE DICHIARA IN MODO ESPLICITO DI CONOSCERE E DI APPROVARE ED ACCETTARE INTEGRALMENTE".
Eventuali deroghe debbono risultare da apposito ed esplicito accordo scritto.

2. Tutte le ordinazioni si intendono conferite salvo accettazione da parte della ns Società. L'eventuale annullamento totale o parziale degli ordini non comporta alcuna ns responsabilità civile e pertanto non può dar luogo a richieste di indennizzo di sorta. Gli ordini si intendono accettati solo dopo approvazione con conferma d'ordine scritta. I ns imballi sono suscettibili di variazioni.

3. I beni consegnati diverranno proprietà dell'acquirente soltanto con il pagamento dell'ultima rata, comprensiva di capitale, interessi e spese. La venditrice, a fronte del mancato pagamento di una rata che superi l'ottava parte del prezzo, avrà la facoltà di risolvere il contratto e di richiedere la restituzione dei beni. In tal caso verranno trattenute tutte le rate già pagate a titolo di indennità per l'uso e la penale di inadempimento. La restituzione dei beni avverrà a cura del venditore e a carico dell'acquirente.

4. I prezzi di vendita sono quelli del listino in vigore all'atto della consegna della merce ordinata. E' di facoltà pertanto della ns Società variare in qualunque momento il prezzo di listino di vendita sia per quanto riguarda i prodotti da noi fabbricati che quelli da noi commercializzati e per i quali il fornitore potrebbe richiederci aumenti improvvisi per qualsiasi causa che esula dalla ns volontà. I prezzi di listino si intendono per merce resa franco ns SEDE salvo diversi accordi scritti. IVA ed ogni altro tributo presente o futuro si intendono a carico dell'acquirente. Il prezzo pattuito con il presente si intende accettato dall'acquirente e pertanto la ns Società non accetta sconti od arrotondamenti.

5. Eventuali termini di consegna indicati sulle ordinazioni non sono impegnativi per la ns Società e verranno rispettati compatibilmente con le ns possibilità di magazzino. Ritardi nell'evasione degli ordini non potranno dare adito ad annullamento da parte dell'acquirente o a richiesta di risarcimenti per qualsiasi motivo e/o ragione.

6. La merce viaggia esclusivamente a rischio e pericolo dell'acquirente anche se il trasporto avvenga con automezzi ns o di terzi da noi delegati. Le spese di trasporto si intendono sempre ed esclusivamente a carico dell'acquirente salvo diversi accordi scritti. E' dovere e compito preciso del committente verificare le condizioni dei ns imballi all'atto del ricevimento e prima che il documento di trasporto venga firmato per accettazione. Eventuali non conformità sull'aspetto esteriore dei beni, su avarie e/o pesi non conformi, colli mancanti, dovranno essere segnalate per iscritto sul documento di trasporto, la cui copia ci viene ritornata. Non si accettano reclami sulle merci in consegna, trascorsi 8 giorni dal loro ricevimento e per nessun motivo le merci devono essere rese senza nostra previa autorizzazione scritta.

7. La garanzia dovuta dalla Società su apparecchi e merci di ns produzione è limitata per un periodo di 12 mesi dalla data di consegna. Verranno sostituiti particolari da noi riconosciuti difettosi, purchè gli stessi non abbiano subito alterazioni durante il loro montaggio o siano stati impiegati in modo non conforme da parte dell'utente rispetto a quanto indicato nel ns manuale d'uso e manutenzione e/o in riferimento alle norme UNI-EN-ISO. I ns articoli vengono prodotti e controllati secondo le norme UNI-EN-ISO. In ogni caso la ns responsabilità è limitata alla sola sostituzione del particolare difettoso, declinando ogni altra responsabilità per qualunque conseguenza o danno derivante dalla fornitura dell'apparato completo. Non verrà riconosciuta alcuna spesa/onere aggiuntivo e/o supplementare per montaggi, smontaggi, spese di spedizione del materiale di ritorno per riparazione o sostituzione in garanzia, selezione ed eventuali acquisti di materiali sostitutivi e per fermi di produzione nonché per campagne richiami Vostri articoli. Per gli articoli da noi commercializzati e non di ns fabbricazione, la garanzia viene concessa limitatamente a quanto il fornitore/produttore dovesse imporci.

8. Le condizioni di pagamento indicate sulle ordinazioni, dopo l'avvenuta accettazione dell'ordine stesso, si intendono vincolanti per l'acquirente. Eventuali contestazioni sulle merci non potranno dar luogo a sospensioni, ritardi, differimenti, decurtazioni, ecc, di sorta nel pagamento delle ns fatture. Qualsiasi eventuale contestazione dovrà essere fatta, sotto pena di decadenza, in modo chiaro e preciso, per iscritto, entro il termine perentorio massimo di 8 giorni dalla data dell'arrivo e della consegna della merce, mediante l'invio diretto alla sede centrale di questa Società, nel suddetto termine perentorio, di apposito fax e/o e-mail. Sui ritardi o dilazioni di pagamento saranno conteggiati gli interessi nella misura massima prevista dal D.Lgs. 231/2002. In ogni caso le merci fornite si intendono integrale proprietà dell'acquirente solo al momento dell'avvenuto pagamento delle medesime e cioè in conformità agli articoli del C.C. 1523 e seguenti.

9. Per ogni controversia viene di comune accordo convenuta l'esclusiva COMPETENZA DEL FORO DI BRESCIA e sarà valida la Legge Italiana in vigore.

Ritiro del materiale presso i nostri magazzini

Nel caso del ritiro diretto del materiale presso i ns magazzini, da parte di Vs personale, non conosciuto dai ns magazzinieri, Vi chiediamo di fornire agli stessi idonea autorizzazione al ritiro (ad esempio copia ordine con sottoscritta indicazione del nominativo incaricato al ritiro).

Avvertenze ai sensi dell'art.30 D.Lgs 196/2003:

La presente per informare ed acquisire, in ottemperanza alla legge di riferimento, il consenso al trattamento dei dati personali del cliente e/o fornitore per scopi di tipo amministrativo e contabile volti a consentire il corretto sviluppo del rapporto professionale. I vostri dati saranno trattati con idonei strumenti informatici ed idonee disposizioni organizzative interne nel rispetto delle misure minime previste dalla legge e adottate dalla AEROTECNICA COLTRI S.p.A.

General terms of sale

1. Supply of the devices and goods we produce is regulated by the undersigned "GENERAL TERMS OF SALE: THESE TERMS ARE ESSENTIAL AND CUSTOMERS OR BUYERS MUST EXPLICITLY STATE THAT THEY UNDERSTAND, APPROVE AND ACCEPT THEM IN FULL".
Any exceptions must be explicitly agreed on in writing.

2. All orders are accepted subject to approval on the part of our company. Partial or total cancellation of orders does not imply any civil liability on our part and cannot therefore give rise to any claims for damages. Orders are understood to be accepted only after approval and written confirmation. Not all shipments are packaged in the same way.

3. Delivered goods shall become the buyer's property only when the last instalment has been paid, capital, interest and expenses included. Should instalments exceeding one eighth of the price fail to be paid, the seller reserves the right to terminate the contract and request the return of the goods.
In this event all previously paid instalments shall be retained as compensation for use of the goods and as a penalty for defaulting. The return of the goods shall be managed by the seller at the buyer's expense.

4. Sales prices are as illustrated on the price list in force at the time the ordered goods are delivered. Our company therefore reserves the right to modify, at any time, price lists with regard to both the products we produce ourselves and those we market and for which the supplier may request unexpected price rises for reasons beyond our control. Price lists refer to goods delivered ex-works unless agreed otherwise in writing. VAT and any other present or future taxes shall be borne by the buyer. The price agreed in these terms of sale shall be accepted by the buyer and our company cannot therefore accept discounts or rounding down.

5. Delivery deadlines indicated on orders are indicative and do not bind our company. Deadlines shall be observed where stocks so allow. Delays in clearing orders shall not grant the buyer the right to cancel the order or request compensation for any cause and/or reason.

6. Goods are transported exclusively at the buyer's risk, even where goods are transported using our own vehicles or those belonging to third parties authorised by us. Transport costs shall be borne by the buyer in full unless agreed otherwise in writing. On receiving our packages the customer shall inspect them attentively and do so before signing the transport document for acceptance. Any non-compliance vis-à-vis the external aspect of the goods, damage and/or non-compliant weight, missing boxes etc. must be reported in writing on the transport document, a copy of which is returned to us. Claims concerning delivered goods cannot be accepted once 8 days have elapsed from their delivery and goods must not be returned for any reason without first obtaining our written permission.

7. The warranty on devices and goods produced by our company itself is limited to a period of 12 months as from the date of delivery. Parts we acknowledge to be faulty shall be replaced as long as they have not undergone alterations during assembly or been employed by the user in an improper manner with respect to the information contained in our use and maintenance manual and/or with reference to UNI-EN-ISO standards. Our articles are produced and quality-controlled as per UNI-EN-ISO standards. In any event our liability is limited solely to the replacement of the faulty part and our company cannot be held liable for any consequence or damage deriving from the supply of the complete system. No additional and/or supplementary expenses/costs shall be acknowledged for assembly, disassembly, return shipment of materials to be repaired or replaced under warranty, for the selection and any purchase of replacement goods or production downtimes nor for any recalls of your articles. For warranties on articles marketed but not actually manufactured by us we are bound by the limits imposed on us by the supplier/producer.

8. Terms of payment indicated on orders are intended, after acceptance of the order, as binding for the purchaser. Disputes shall not in any way authorise the buyer to suspend, delay, defer or curtail etc. payment of our invoices in any way. Any objections/criticism must be, in order to be valid, made clearly and precisely in writing, no more than 8 days after the date of arrival and delivery of the goods, by sending a fax or e-mail to this company's head office before such 8-day period expires. Interest shall be added to delayed or deferred payments as per Italian Law D.Lgs. 231/2002. In any event the purchaser shall only become the sole owner of the goods when the latter have been paid for in full, that is, in compliance with Italian Civil Code C.C. articles 1523 and amendments.

9. The agreed competent court for any disputes is the FORO DI BRESCIA and proceedings shall adhere to the Italian laws in force.

Collection of material from our warehouses

If material is to be collected directly from our warehouses by members of your personnel unknown to our warehouse staff, you are kindly required to provide them with suitable written authorisation (e.g. copy of order indicating name of person entrusted with collection).

Information regarding Art. 30 of Italian Law D.Lgs 196/2003:

This is to inform customers and/or suppliers and, in compliance with the relevant law, acquire their consent for treatment of personal data for administrative and accounting purposes and so allow business relations to be carried out correctly. Your data shall be processed using suitable IT tools and internal procedures that comply with the standards required by law and adopted by AEROTECNICA COLTRI S.p.A.
